MINUSCA takes note of the appointment of the new Prime Minister

The United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (MINUSCA) takes note of the appointment of Mr. Mahamat KAMOUN as the new Prime Minister and Head of the Transitional Government of the Central African Republic.

MINUSCA urges the new Prime Minister to form an inclusive and representative government which will accelerate, in line with the Agreement on Cessation of Hostilities of 23 July 2014, the implementation of the road map of the Transition and address the concerns of all communities.

MINUSCA encourages all Central Africans to work together through constructive dialogue to address the many challenges the country is facing and to establish lasting peace and stability.

In this regard, the Mission welcomes the important role played by the international mediation led by President SASSOU NGUESSO of Congo, with the participation of the Special Representative of the Secretary General of the United Nations in Central Africa, Mr. Abdoulaye BATHILY, and the Special Envoy of the African Union for the Central African dialogue, Mr. Soumeylou Boubeye MAIGA.

MINUSCA reaffirms the support of the United Nations to the peace and reconciliation process, in coordination with other regional and international partners of the Central African Republic.
