Arbitrary detention remains a concern for the State Actors. In October, HRD considered only cases by state actors which were either directly related to the conflict or emblematic to the vetting process under HRDDP. HRD will continue its technical and advisory support with concerned state institutions to address this challenge.

The lack of recourse to justice in the regions where armed groups are active has amplified the number of abuses with impunity. HRD will persist in its engagement with armed group leaders and remind them of their obligations to respect IHRL/IHL.

EVOLUTION OF DOCUMENTED CASUALTIES IN AUGUST, SEPTEMBER & OCTOBER 2018

The figures mentioned in this fact sheet do not reflect a complete overview of the human rights violations and abuses in October 2018, but only relate to cases documented by the HRD, through OHCHR methodology and standards. It is worth noting that these figures may include human rights violations committed during previous months but brought to the attention of the MINUSCA's HRD in October 2018. Statistics on the number of violations/abuses reported may increase or decrease over a given period due to numerous factors outside the control and/or knowledge of the HRD and must therefore be used with caution.
